

PARTNERS

in Emergency Preparedness

Welcome to the Partners in Emergency Preparedness Conference! The conference will be held virtually April 15-17, 2025. With the upcoming administration changes in 2025, we understand that many agencies and departments are placing conference travel on hold. By transitioning to a virtual format, we will be able to maintain our usual high level of attendance and engagement, maintaining our value to our vendors, sponsors, and registrants alike. This conference will provide you an exceptional forum to showcase your products and services to a highly targeted audience representing the buying power of state and local preparedness, safety, and business continuity personnel. For more details on the goals and conference audience, please visit our website at www.piepc.org.

The enclosed information packet outlines the variety of sponsor opportunities offered at the 2025 conference. If your organization wants to do even more to increase your exposure at this year's conference, there are several sponsorship opportunities available in a range of levels to fit within your budget and increase your visibility on the PIEPC website, electronic materials, plus the opportunity to address the audience.

We look forward to working with you and hope you will choose to participate in the largest and most successful regional emergency management conference in the Western U.S. If you need anything please do not hesitate to contact our Director of Sponsorship, Tom Woertz at tomw@quakeholdindustrial.com.

Kelly Wheeler

Thank you for your support.
